同舟共济 追求卓越

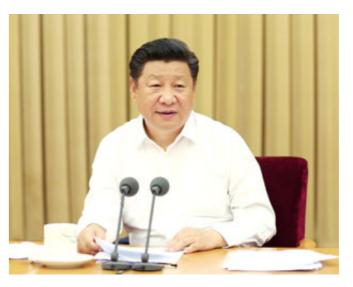

1907-2017

奋进十载 再创辉煌

2007-2017

中国·武汉 WUHAN·CHINA

中共中央总书记、国家主席、中央军委主席习近平

2016年8月19日至20日,全国卫生与健康大会在北京召开。中共中央总书记、国家主席、中央军委主席习近平出席会议并发表重要讲话。他强调,没有全民健康,就没有全面小康。要把人民健康放在优先发展的战略地位,以普及健康生活、优化健康服务、完善健康保障、建设健康环境、发展健康产业为重点,加快推进健康中国建设,努力全方位、全周期保障人民健康,为实现"两个一百年"奋斗目标、实现中华民族伟大复兴的中国梦打下坚实健康基础。

巍巍青山,浩浩江河。吾人存活于天地间,力求觉醒与思考也。有神农氏亲尝百草,希波克拉底盟誓,为苍生续性命,为人间留功德,医者仁术,固无分古今中外也。

缅怀世纪百年,遥想国门初启。德医宝隆,心怀仁慈。各方贤达,鼎力以助。建院办校,取名 同济。顾名思义,惟同舟共济也。自此,同济因医学而兴,医学因同济而盛!

百十年来,桑田沧海,虽历尽坎坷犹不悔;一路风雨,砥砺前行,纵千难万险而愈坚。同心同德,为解患者之疾苦;济人济世,更以天下为己任。团结严谨,做事仍知其不足;求实奋进,求学更当不知足。明德厚学且初衷未改,求是创新并追求卓越,乃有今日之成就。

看今日之同济,学科一流,科研先进;英才辈出,群星咸集;仁心仁术,大爱无疆;朋友遍五洲,美名扬天下!然则宜切戒自满,更当谦虚谨慎,胸怀大志,力争跻身于世界最先进医学殿堂之列也。

抚昔思今,豪情满怀,值此华诞,更添福祉。愿明日之同济,为医学之圣堂!愿明日之大学,创不世之辉煌!愿明日之神州,筑中国之梦想!

谨以此册感谢一直关心与支持华中科技大学同济医学院的各界人士!
This album is dedicated to all people who have been enthusiastic about and supportive to the growth of Tongji Medical College of HUST!

华中科技大学概况 **About HUST**

华中科技大学位于九省通衢的武汉,是教育部直属的重点大学,是 首批列入国家"211工程"重点建设和国家"985工程"建设高校。

Huazhong University of Science and Technology (HUST), located in Wuhan, Hubei, is a national key university under the administration of Ministry of Education, and is one of the first colleges included in state key programs, Project 211 and Project 985.

华中科技大学党委书记:路钢 The Party Secretary of HUST, LU Gang

华中科技大学校长:丁烈云 The President of HUST, DING Lievun

Forest-like Setting

学校校园占地7000余亩,校园内树木葱茏,碧草如茵,绿化覆 盖率达72%,是读书治学的理想园地。

The campus occupies over 7,000-acres and 72 percent of its land area is covered with trees and grass. HUST provides its students and faculty members with forest-like environment for their study and research.

实施"以学生为中心"的教育

Student-oriented Education

学校积极探索拔尖创新人才培养新模式,形成了多学科交叉的 创新教育试验区。学校拥有12个国家级教学团队、9名国家级教学名 师,拥有9个国家级人才培养基地,7个国家级实验教学示范中心。

HUST has been exploring new modes for nurturing innovative talents, and has established pilot programs for novel trans- and multi-disciplinary education. The university has 12 state-level teaching teams, 9 state eminent instructors, 9 state-level training bases, and 7 state-level instruction-demonstrating centers

一所大师云集的大学 Masters and specialists

学校拥有一支以两院院士、博 士生导师为中坚的师资队伍。专任 教师3000余人,其中院士15人,长 江学者特聘教授55人,国家杰出青 年科学基金获得者61人,教授 1000余人, 副教授1300余人。

HUST has an outstanding team of faculty members, consisting of 3000 instructors, strong with doctoral program supervisors and academicians of Chinese Academy of Sciences and Chinese Academy of Engineering as core members. Among them are 15 academicians, 55 distinguished professors with honorable title of Changjiang Scholar, 61 winners of the National Science Fund for Distinguished Young Scholars, 1,000 professors, and over 1,300 associate professors.

一所研究型大学

A research-oriented university

学校以建设世界一流大学为目 标,着力增强科技创新能力,建设 高水平的科技创新平台。拥有武汉 光电国家实验室 (筹)、脉冲强磁 场实验装置、精密重力测量研究设 施等国家重大科技基础设施。

HUST aims at establishing an international first-rate university, continuously enhancing its innovation capability, creating platforms that encourage innovation in science and technology. The major research laboratories of HUST include Wuhan National Laboratory for Optoelectronics (WNLO), Wuhan National High Magnetic Field Center, Center for Gravitational Experiments and etc.

一所国际化大学 **An International University**

学校坚持开放式办学理念,积 极开展全方位、多层次的国际交流 与合作。目前已与35个国家和地区 的100多所大学建立了良好的校际交 流关系,每年有约1600余人次的国 (境)外专家学者来校任教、合作 科研和开展学术交流活动。

HUST sticks to its idea of running the school with a policy of opening its door to the outside world. The university has been actively engaging in international exchanges at all levels. So far HUST has established cooperative relationship with more than 100 universities in 35 countries and regions. Each year, over 1600 scholars and specialists from various regions and countries visited our university, as teachers or for academic exchange or other academic events.

同济医学院简介

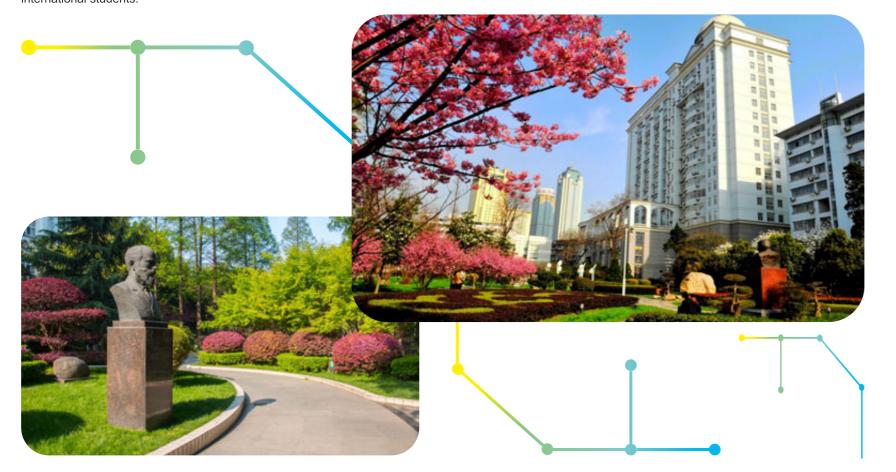

Overview of Tongji Medical College (TMC)

华中科技大学同济医学院是国家教育部、国家卫生部首批共建的10所部属高校医学院之一,坐落于汉口繁华的武广商业圈,是一所 交通便利、环境宜人的花园式校园。

Tongji Medical College of Huazhong University of Science and Technology Tongji Medical College (TMC HUST) is one of the first 10 universities under the joint administration of both the Ministry of Education and the Ministry of Health. Located in a downtown area adjacent to Wuhan Plaza, the campus of TMC is a garden-style educational institution with easy access to transportation facilities.

学院现有基础医学院、公共卫生学院、药学院、医药卫生管理学院、护理学院、法医学系、计划生育研究所及9所临床学院。专任教师3000余人(含附属医院),其中教授500余人、副教授700余人。目前在校生近9000人,其中本科生4000余人,研究生3800余人,留学生790余人,是全国首批卓越医生教育培养计划项目试点高校之一。

TMC consists of School of Basic Medicine, School of Public Health, School of Pharmacy, School of Medicine and Health Management, School of Nursing, Department of Forensic Medicine, Family Planning Research Institute, and 9 clinical schools. As the first batch of colleges included in Physician Education and Training Program of Excellence, TMC is staffed with over 3,000 full-time faculty members (including the Affiliated Hospitals), with more than 500 being professors, and 700 associate professors. TMC now enrolls more than 4,000 undergraduate students, 3800 graduate students, and 790 international students.

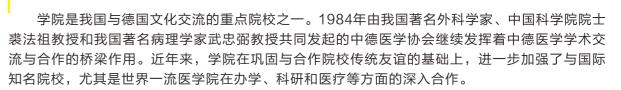

学院设13个本科专业,9个博士学位授权一级学科,10个硕士学位授权一级学科,68个硕士学位授权点,64个博士学位授权点,6个博士后科研流动站;拥有9个国家重点学科、5个国家重点(培育)学科。获国家教学成果奖9项、国家科技成果奖19项。

TMC offers a full range of courses and research programs, including 13 undergraduate programs, 9 first-class doctorate programs, 10 first-class master degree programs, 68 master degree programs, 64 doctorate programs, and 6 post-doctoral programs. The college has 9 national key faculties, 5 national key developing faculties, and has won 9 State Awards of Teaching Achievements and 19 State Awards of Science and Technology Achievements.

TMC is one of the key educational institutions for Sino-German cultural communication. Chinesisch-Deutsche Gesellschaft für Medizin (Sino-German Society for Medicine), founded by Prof. QIU Fazu, an late academician of Chinese Academy of Sciences, and Prof. WU Zhongbi, a late famous Chinese pathologist in 1984 is now serving as a pivot for Sino-German medical academic exchange and cooperation. In recent years, on the basis of past success in academic exchange and cooperation with other world-famous universities, TMC has been engaging in collaboration with other first-class medical schools world wide in academic exchange, scientific research and medical services.

创始人: 德国医师 埃里希·宝隆 博士 FOUNDER, GERMAN PHYSICIAN, Dr. ERICH PAULUN

从德国医生埃里希·宝隆博士1907年创办上海德文医学堂始,到解放初期前,学校曾用名同济德文医学堂、同济医工学堂、同济医工学校、国立同济大学,从只设德文和医学两科逐步发展为医、工、文、理、法等多学科的综合性大学。据1934年《中国教育年鉴》统计,当时中国22所公立大学、18所公立学院中,只有6所公立院校设医科,其中国立同济大学医学院规模最大。

From the early time of German Medical School started by Dr. Paulun to the founding of the People's Republic of China, the college used various names, including Tongji German Medical School for Chinese, Tongji Technical College of Medicine and Engineering, Tongji Private School of Medicine and Engineering, National Tongji University. At the beginning, the school only had the faculties of engineering and medicine. Now, it gradually became a comprehensive medical college involving medicine, engineering, liberal arts, sciences, and law. According to China Education Yearbook of 1934, National Tongji University was among the 6 public schools that offered medical courses among all the 22 public universities and 18 colleges, and it boasted the most students and biggest premises among the 6 medical programs.

1950年,中央人民政府政务院决定,上海同济大学医学院及其附属医院内迁武汉,与武汉大学医学院合并,组建中南同济医学院。随后学校曾相继更名为武汉医学院(1955年)、同济医科大学(1985年),增设儿科学系、环境学、卫生管理等专业,成为学科门类齐全、在中南地区具有相当影响力的医学高等学府,是原卫生部部属全国重点医学院院校之一。

1960年,院长唐哲在出席全国政协会议期间,受到毛泽东、刘少奇、朱德、周恩来等中央领导同志亲切接见 TANG Zhe, the dean of the college was warmly greeted by MAO Zedong, LIU Shaoqi, ZHU De, ZHOU Enlai, and other Chinese Communist Paprty leaders during a session of Chinese People's Potitical Consultative Conference held in 1960

1950年、1953年,国家主席毛泽东签发的唐哲任命书 Appointment letter to TANG Zhe as dean, signed by MAO Zedong

Approved by the Administration Council of the Central People's Government, the medical college and its affiliated hospitals of Tongji University moved from Shanghai to Wuhan, and merged with Wuhan University Medical College to establish Zhongnan Tongji Medical College. The college was re-named Wuhan Medical College (1955) and then Tongji University of Medicine (1985). Afterwards, the Department of Pediatrics and other programs, including environmental science and health management were set up and the university became an educational institution of medical sciences offering full range of medical programs in South Central China, and one of state-level key medical colleges or educational institutions under the administration of Ministry of Health.

1981年,联邦德国前总统谢尔、联邦德国驻华大使修德一行来院参观访问

Former president of Federal Germany Walter Scheel and German Ambassador visited Tongji in 1981

1984年,联邦德国总理赫尔穆特·科尔率政府代表团来院访问 In 1984, a delegation of German ferderal government led by Chancellor Helmut Kohl, visited TMC

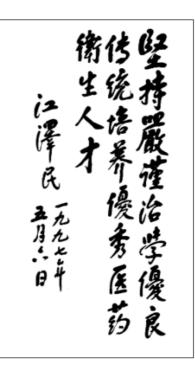

1984年卫生部决定成立"中德医学协会"作为"德中医学协会"的对等机构,会址设在我院,1986年,首届中德医学年会在院召开

In 1984, the Minisry of Health decided to set up th Chinese-German Society of Medicine, as a corresponding body of German-Chinese Society of Medicine, with the office of the society being at TMC. The first annual conference of Sino-German Society for Medicine was held in the college in 1986. The first annual conference of Sino-German Society for Medicine was held in the college in 1986

1995年,苏丹共和国总统奥马尔·哈桑·艾哈迈得·巴希尔来院参观访问

President of Republic of Sudan Omer Hassan Ahmed Elbashir visited Tongji in

1997年,中共中央总书记、国家主席、中央军委主席江泽民为我院题词 Inscription by President JIANG Zeming (1997)

2004年,原全国人大副委员长吴阶平,中共中央政治局委员、湖北省委书记俞正声出席裘法祖院士"人民医学家"荣誉称号授予仪式

In 2004, Prof. QIU Fazu received the honorary title of "People's Medical Scientist". Prof. WU Jieping, the former vice-chairman of the National People's Congress of the PRC and Mr. YU Zhengsheng, member of standing committee of Puliburo and the secretary of Hubei Provincial Committee of CCP, attended the awarding ceremony in 2004

2000年,经国务院批准,同济医科大学和华中理工大学、武汉城市建设学院合并后,成立华中科技大学同济医学院

In 2000, former Huazhong University of Science and Technology, Tongji Medical University and Wuhan Urban Construction Institute merged to form the new Huazhong University of Science and Technology (HUST)

2006年,德国总理默克尔接见病理学家武忠弼教授 Prof. WU Zhongbi, a well-known pathologist met German Chancellor Angela Merkel in 2006

2007年,华中科技大学同济医学院举行建院100周年纪念大会 Tongji Medical College, HUST celebrated its 100th anniversary in 2007

百年同济,薪火相传,同济人满怀豪情迈向新的征程!

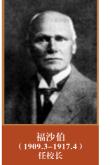

Over the past 110 years, Tongji people have been constantly handing down their best tradition to their next generation and tirelessly striving for more accomplishments!

教育教学 **EDUCATION AND TEACHING**

学院坚持"育人为本、创新是魂、责任以行"的办学理念,打造"一流教学、一流本科",大力实施"以学生为中心的教育",不断深化培 养模式、教学方法、评价体系等全方位改革,构建和完善充满活力的医学创新人才培养体系,培养具有实践能力、创新精神和国际竞争潜能的医 学人才。

中德医学教育人才培养模式 创新实验区获批国家级人才培养 模式创新实验区。2008年,生 命科学及技术人才培养模式创新 实验区获批国家级人才培养模式 创新实验区。

In 2007, the state-level Sino-German Medical Training Innovation Zone was approved by the state and in 2008 the state-level Life Science and Technology Training Innovation Zone was approved to nurture more medical talents.

作为全国首家依据中国《本科医学教育标准—临床医学 专业(试行)》接受试点性认证的院校,得到8年最长认证

In 2008, the college became the first medical institution approved by the state to introduce a pilot 8-year medical education program, the longest of its kind.

试点将行业执业准入标准和研究生教育培养标准有机统一。2014 年,学院首批"四证合一"(硕士学位证书、硕士毕业证书、执业医师 资格证书和住院医师规范化培训合格证书)的77名临床医学专业学位研 究生获得"四证"。

In 2011, college integrated the industry-access standards and graduate education standards. In 2014, 77 graduate students of clinical medicine major, for the first time, received their 4-in-1 certificates, which contained a master degree certificate, a master graduation certificate, a physician qualification certificate, and a certificate of standardized resident training from TMC.

2007年

In 2008, the college began to integrate basic medical education programs and clinical courses, starting a reform aimed to restructure courses on the basis of system-organ-PBL system.

马建辉、黄亚玲等完成的"以问题为基础学习教学方法 在医学教育中的改革与实践"项目获国家教学成果二等奖。

In 2009, MA Jianhui and HUANG Yaling received the second prize of National Award for Teaching Achievement for the project of The reform and practice of question-based teaching method in medical education".

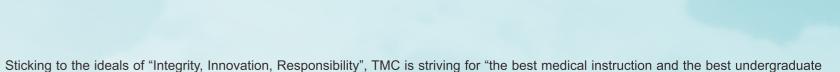

入选全国首批卓越医生教育培养计划项目试点高校, 承担"拔尖创新医学人才培养模式改革试点"和"五年制 临床医学人才培养模式改革试点"。

In 2012, the college was first included in the National Excellent Physician Training Plan, responsible for the trial of reform for outstanding innovative medical talent training and reform for 5-year curriculum of clinical medicine talent training.

Award and certificates won in "Challenge Cup Competition" and competitions in extracurricular academic and scientific projects, experimental skills, clinical skills, and medical record management

师资队伍 **FACULTY MEMBERS**

学院拥有一支结构合理、高效精干、具有较高水平的教师队伍。育引并举,在大力引进人才的同时,组织各种主题的教师培训活动和对外交 流活动,为师资的培养和发展搭建广阔的平台。

TMC boasts a team of high-quality and efficient faculty members. Effort has been made to not only attract outside talents but also encourage the personal development of existing faculty members. A wide array of training and international exchange events have been held to build up a platform for the professional development of our faculty members.
